Origin of Raw Material and Maltodextrin & glucose syrup powder

To whom it may concern

Our main raw material is corn which is a vegetable source. We use non-GMO, TURKEY-origin local corn and European Union (ROMANIA) origin imported corn.

Maltodextrin & glucose syrup powder produced in OMNIA - TURKEY is %100 maltodextrin & glucose syrup powder without additives. It is a pure nutritive food ingredient.

All of the products produced by our company do not include any food additives, food colors, antioxidants, preservatives, material of animal origin.

Sincerely,

Elif ÖZTÜRK
QAC Manager
